FOR IMMEDIATE RELEASE

Josh Poole, Fracturing and Business Development Expert, Joins Catalyst Energy Services

Stimulation Service Company Names VP of Sales and Marketing

MIDLAND, Texas (Jan. 26, 2023) – Catalyst Energy Services announces Josh Poole as vice president of sales and marketing for its Midland-based business. With extensive field and operations experiences at Halliburton, CUDD Energy, and Patterson UTI, Josh is an industry expert with a deep understanding of operators’ goals and well completions services.

“We’re excited to have Josh on board and thrilled that our proprietary technology played a big part in his decision to join our team,” says Seth Moore, chief operating officer and co-founder of Catalyst Energy Services. “Josh’s commitment to business ethics and integrity will lay a strong foundation for the customer-centric sales organization he’s building with us. His desire to collaborate and co-create solutions with customers will ensure that we can address their unique challenges.”

In his new role, Mr. Poole will work directly with leads and customers to identify solutions that optimize hydraulic fracturing well completions. Partnering with team members across Catalyst Energy Services, Mr. Poole will create processes that strengthen the bridge between sales and operations.

“We say what we do and do what we say. That makes all the difference in helping our customers get their projects done safely and effectively,” says Josh Poole, vice president of sales and marketing, Catalyst Energy Services. “Combining this approach with our services and VortexPrime™ technology enables us to deliver solutions with operators’ needs in mind.”

Catalyst Energy Services’ proprietary product, VortexPrime™, features a natural-gas driven, 5,000 horsepower technology that can achieve up to 65% in fuel savings per month, 40% lower emissions, and 30% savings in employee overhead. For more information, visit www.catalystenergyservices.com.

About Catalyst Energy Services

Catalyst Energy Services started with the idea that technology is the key to the future. We take the stewardship of preserving our world’s resources seriously, and we’re passionate about our

industry because we help people every day. From manufacturing to transportation, from protecting frontline workers to creating everyday products, our industry keeps people safe, happy and connected.

We are an emerging stimulation service company specializing in hydraulic fracturing solutions with the equipment, people and technology to get your investment online as soon as possible. Built by an accomplished executive team with over 100 years of hands-on experience in the field, engineering and business management, we are supported by a highly experienced and knowledgeable operations team that maximizes equipment efficiency to achieve optimal operational results.
